

-Online Ordering-

We now offer online ordering! The availability is updated online everyday. Please note that this is not a live availability and does not show the quantity available. Ordering online is for placing at once orders. Please do not place orders more than 7 days in advance because the crop status/availability will not be accurate.

Go to www.hardyboyplant.com and click on the Order tab and then choose Order Online from the drop down menu OR click on the Order button at the top of the page.
